Subject: G. M. Propane, Storage Tank

Members: I wish to submit for your consideration the following comments in support of G M Propane placing a storage tank at their facility at 1551 W. Archery Lane at Joe Hines Road in northern Cochise County.

I have been associated with GM Propane for many years both as a customer and law enforcement officer. As a Lieutenant with the Arizona Department of Transportation Enforcement Bureau and a trained commercial vehicle safety inspector I had occasion to observe the attention to safety demonstrated by Marshal Miles and all of his employees. It is obvious that there exists an attitude of "safety first" among the personnel at GM Propane. The company vehicles are maintained in perfect, road safe condition. I have never seen an unsafe vehicle operated by GM Propane. They have a large, well equipped shop in which they perform safety maintenance on vehicles and equipment. The condition and appearance of their vehicles display the pride of the personnel in their equipment.

As a customer I have noted through the years that Mr. Miles has taken an interest in constantly improving the appearance of his property and facility. GM Propane buildings and grounds are kept in a condition that shows an interest in being a "good neighbor" and an asset to the community. I am sure that if a storage tank were placed at this facility it would not be allowed to become an eyesore.

I live less than four tenths of a mile from GM Propane and have always found them be a good neighbors and an asset to the community. I have such faith and confidence in the GM Propane that I would have no qualms in allowing them to place a tank at my place if it was needed.

**PLANNING**

At the present time the storage tank is located on a rented, unmanned and unsupervised location 6+ miles from GM Propane. The round trip to the tank takes approximately 25-30 minutes. The rental fees, loss of man hours and fuel usage costs GM Propane thousands of dollars monthly, a savings that could be passed on to the consumers of Cochise County.

I have been a resident of Cochise County since December of 1969, a Willcox City Police officer, a Cochise County Deputy Sheriff and an ADOT Enforcement Officer and have a great interest in the growth of this county. I hope the board will look favorably on GM Propane's request to place a storage tank at their facility.

Very Respectfully
